## ТОНГА

### Vava'u

The island group of Vava'u in the north of Tonga where islands rise from the iridescent waters that surround the emerald green islands and their white sandy beaches, boasts diving and fishing at its best. Vava'u is a paradise pure and perfect for those interested in diving, snorkelling, fishing and whale watching.

The game fishing grounds are close to Vava'u and the fishing boats all depart in the early morning, returning by evening. Most Marlin, Mahimahi, Sailfish and Tuna are caught fishing the 100 fathom drop-offs, which are located less than a mile off shore.

Troll Vava'u's crystal clear waters for Blue, Black or Striped Marlin, Sailfish, Mahimahi, big Yellow Fin Tuna and Wahoo. Spear fish or cast jigs or poppers for predators like Blue Fin and Giant Trevally. Virtually all species of tropical fish frequent Tongan waters, and with its vast areas of reef structure, drop offs, canyons and sea mounts, as well as several offshore F.A.D's, every angler can experience a smorgasbord of tropical fishing. Saltwater fly-fishing is also becoming popular.
